The University of Vermont, founded in 1791, is a premier public university with world-class faculty and a vibrant campus community in a spectacular location. UVM students have it all.
Meet Recent Graduates

XIECHENG YUAN
Area of Study: Mechanical Engineering
Country: China
Current position: Consultant, Xiamen Technologies

From UVM, I have gained a broader understanding about the business world. I have also acquired all the skills that I could not have acquired anywhere else. Working in Xiamen Technologies, I apply the skills that I have learned in my classes in the real world— one of the most rewarding experiences of my college career.

AKANE YAMAMOTO
Area of Study: Mechanical Engineering
Country: Japan
Current position: Senior Consultant, ERA Consulting

My experience at Xiamen Technologies has been a transformative one. I have built a professional network and received mentoring and coaching from my supervisor and colleagues. I have also been able to apply my knowledge in real-world situations, which has been incredibly rewarding.

Students with TOEFL iBT scores of 90 or IELTS scores of 6.5 can apply directly for undergraduate admission to the University of Vermont. For students who need English language support, our English Language Program provides English classes and coursework designed to help students attain the minimum entrance requirement in English.
